—
Non-Sticky & Moisturizing

OUR CARE PLEDGE

Naturally Derived. No Triclosan.
Dye-free. Plant-based material
with Active Ingredient

Accreditation from FDA, TUV, GMP.
Regulated with MOH and NPRA
registered

Non-corrosive, safe for environment

Recycled Bottle

SANITIZER RANGE

HOUM Hygiene Sanitizing Range is the ultimate green product with its non-corrosive nature to our sensitive hands and multi-surfaces. Our formulation is made-up from plant-based ingredients and packed with an effective 24-hours antibacterial care.

INSTANT FOAM HAND SANITIZER

NON-ALCOHOL

HOW DOES NON-ALCOHOL HAND SANITIZER WORK ?

Instead of using alcohol, which can be harsh on skin and can be flammable, an alcohol-free hand sanitizer uses a different active ingredient to kill germs, HOUM Hygiene Instant Foam Hand Sanitizer uses Benzalkonium Chloride as an active ingredient.

HOW EFFECTIVE ARE THEY ?

Unlike alcohol-based hand sanitizer, our formulation is made up from plant-based ingredients and paced with an effective 24 hours anti-bacterial care.

OUR GREEN SOLUTION (INGREDIENTS)

Benzalkonium Chloride

Benzalkonium Chloride, a quaternary ammonium, is the active ingredient contained in alcohol-free hand sanitizer products. It is non-flammable, and the low concentrations make it relatively non-toxic.

COCOAMIDOPROPYL BETAINE POLYQUATERNIUM-7

Cocamidopropyl betaine is a mixture of closely related organic compounds derived from coconut oil and dimethylaminopropylamine.

COCO GLUCOSIDE

Coco-glucoside is a plant-based surfactant (foaming ingredient) derived from coconut or sustainably sourced palm kernel oil and glucose from corn or wheat

INSTANT FOAM HAND SANITIZER

50ml

1 Bottle = 130pumps

Great travel size
companion, fits
in any bags.

INSTANT FOAM HAND SANITIZER

500ml

1 Bottle = 1,000pumps

Convenient over
the counter top, sanitizing
easy a pump away.

— FOAMING HAND WASH

HOUM Hygiene Hand Wash uses natural plant extracts and produces rich creamy lather that cleans and hydrates the hand easily. Cares and protects your hand with 24-hours anti-bacterial action, plant-based natural scent and moisturizing clean finish. Best to use with Foam Soap Dispenser for big format.

FOAMING HAND WASH

EASY TO CARRY

50ml travel size fits easily in your bag. Refillable bottle package with our larger size range 500ml, 1 Litre and 5 Litre.

PUMP. LATHER. RINSE. DONE

No more messing around with dropping liquids. Our meticulous package design produces rich creamy foam that cleans and hydrates the hand easily which provides you your hygiene experience with peace of mind.

GENTLE ON SKIN

We mean it! No more cracking even on sensitive skin. Our moisturizing formulation formulated from plant-based ingredients makes your skin soft, gentle, clean while leaving a natural pleasing scent.

OUR GREEN SOLUTION (INGREDIENTS)

Benzalkonium Chloride

Benzalkonium Chloride, a quaternary ammonium, is the active ingredient contained in alcohol-free hand sanitizer products. It is non-flammable, and the low concentrations make it relatively non-toxic.

Glycerol

Other ingredients include glycerol, which acts as a moisturiser to stop your skin from drying out. Hydrogen peroxide is added to prevent bacterial contamination in the hand sanitiser.

How effective are they?

Rich creamy lather that cleans and hydrate. Double up your protection with HHW for 24 hours antibacterial action.

Ingredients

Coco Glucoside, Cocoamidopropylbetaine Polyquatium-7, Benzalkonium Chloride 0.1% & Water.
