

HÖUM®

Ventilation Fan | Features

Energy-Saving DC Motor

Powered by a high-efficiency DC motor consuming as low as 6W, delivering effective ventilation performance with reduced energy usage.

Powered By

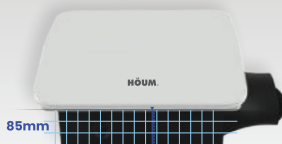

Strong Airflow Performance

Powerful yet consistent airflows up to 130 CFM making it ideal for largest bathrooms and spaces requiring higher ventilation capacity.

Sleek Panel Design

Features a clean, modern panel design that delivers a refined ceiling finish and blends seamlessly into contemporary interiors.

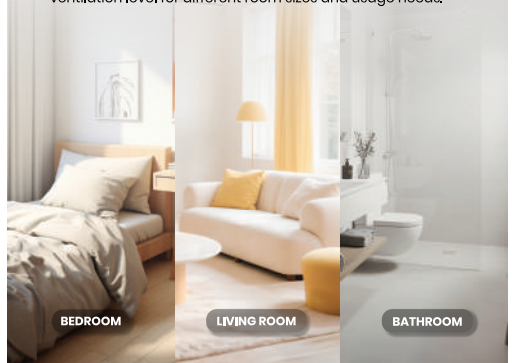

Slim Metal Body

Slim metal body construction delivers a premium, solid build while fitting comfortably into tight ceiling spaces.

Flexible 3-Speed Airflow

Three airflow speed options allow users to select the optimal ventilation level for different room sizes and usage needs.
